Detail of the central print.

Shape Type
Dinner & Dessert Wares
Pattern Type
Landscapes and Waterscapes
Date
1835-1840
Dimensions

- Diameter: 8.75 in (22.23 cm)

Maker
possibly Enoch Wood & Sons

Description:

One of a pair of plates decorated with an unusual border and central pattern in multicolor, multi-plate printing. The print is made up of only 3 color separations, pink, blue, and brown. The possible attribution to Enoch Wood & Sons is based on evidence that simple multicolor patterns were printed by Enoch Wood earlier than previously thought. See other examples in this exhibit
