Shown here is a closeup of the center pattern.  Look closely and you will see areas in which the color registration

is not exact.  For this multi-plate, multicolor printing technique, registration marks were developed over time to improve the registration of the distinct colors.  For a discussion of this printing technique click here.

**Description:**

An earthenware deep plate or charger multicolor printed with a landscape scene in the center and a golden brown border pattern named Festoon Border.  This is the only recorded example with the Festoon Border mark that is multi-plate, multicolor printed using four separate engraved plates for the center pattern, one for each color; green, yellow, blue, and black.  Most of the versions of Wood's
